* Wavebreakers is a program meant to help empower the young leaders in our congregations. To help with this mission, we have partnered with local nonprofits throughout the Great Lakes region to provide on site and off site volunteer and learning opportunities. The planned project each day will correspond with the day's theme, whether it be a morning working at the local humane society, learning about environmental cleanup and preservation, or even planning a hunger meal after learning about global food insecurity. There are so many ways our young people can get involved in their communities and the world! Here at camp, we hope to open doors for them to become leaders and disciples both here and at home.

** During Cabin Time, each cabin is offered three or four possible activities and decides as a group how they would like to spend their time. Some may choose to build bottle rockets or go rock climbing! Others may choose to make bracelets or set up a camp out for later that evening! This time helps cabin groups to bond and make a memorable week that all campers will love.
