

Health and safety measures include:

1. All communal spaces onsite are closed. These include the bike shed, barn, rec rooms, pool, and camper docks.
2. Personal recreational supplies. Guests can use the basketball courts, open fields, trails, gaga ball, 9 square, or other self-lead outdoor recreational spaces, but are expected to use their personal supplies like balls and bikes.
3. If anyone in the party is ill with fever, cough, headache, loss of smell/taste, or has been exposed to Covid19 within 14 days of trip is not allowed on Lakeside property.
4. Flexible cancellations for reasons related to Covid19.
5. All guests need to provide their own pillows. We will provide sheets, blankets, and towels.
6. Social distancing is expected by all guests when they are onsite and meet anyone outside of their party.
7. Cleaning in between groups. Our staff wear PPE to strip and clean each facility. We are sanitizing surfaces, handles, and knobs.
8. Every group is advised that the Dickinson County asks that they isolate as much as possible and wear a mask while in the community, if they are from out of town.
9. Good Hygiene is encouraged, all guests should wash hands, keep their distance when possible, and avoid touching their face.
10. Facility Use Agreement. All guests sign a facility use agreement that states they are aware of the risks of travel, they do not hold Lakeside responsible for any illness, injury, or accident, and they all agree to follow all guidelines including the health and safety guidelines.
11. Capacity limitations. For events like weddings, parties, or dinners we would limit the capacity of the Event Center to 100 individuals upstairs and 50 individuals for down stairs. Capacity in the retreat facilities is limited to the number of beds.
12. Meals will have no self-serve options and tables will be spread out 6 feet. Staff will wear masks, gloves, and follow all hygiene requirements. If there is a catered event, the caterer will be asked to follow all state guidelines for restaurants.
13. Campground restrooms and showers will be cleaned once a day while we have multiple guest groups using them at one time.
